S I R:

In response to the Office Action mailed on September 5, 2002, the following amendments and remarks are respectfully submitted:

Please amend the application as follows:

In the claims:

Please amend claim 15 as follows:

A/ 15. (Amended) A medium storing instructions adapted to be executed by a processor to perform steps including:
receiving an incoming call directed to a mobility device belonging to the subscriber, the mobility device being identified by a mobility Directory Number, which is one of a plurality of Directory Numbers that belong to the subscriber;
determining that the mobility device is either busy, or that there is no answer at the mobility device; and
forwarding the incoming call to a subscriber fixed-site device based upon information in a subscriber profile.
